Quad-Dots® (set of 4)	RF-200
Quad-Squares™ (set of 4)	RF-201

The "reflective **QUAD-DOTS**® or **QUAD-SQUARES**™ are sold as a group of 4, which allows four different imprints or four repeats of a message. Great for co-op programs. They peel off easily to apply to jeans, jackets, caps, bikes, books, sneakers, and more. **QUAD-DOTS**® are safety products kids and adults love to use to make them highly visible in the headlights of oncoming motorists after dark. The **TWIN-DOTS**™ are the same size as the others and come in sets of two.

## Reflective Dots

These reflective **DOTS** are easily customized to suit your needs. The **DOTS** come in a size range to fit almost every budget, and their puffy shiny appearance gives them a high perceived value. They are sold on perforated sheets or individually on Safety Cards as shown on Page 67.

## Reflective Squares

A **SQUARE** provides more reflectivity than a circle, yet the pricing is the same. Your custom logo may appear aligned with the sides or the square can be turned to form a diamond shape. These reflectors are ideal for safety awareness programs at schools, hospitals, businesses and everywhere else. Like the Dots, the **SQUARES** come on perforated sheets or are sold individually on Safety Cards.
