

CHEERS!

Billions of beverage cans are sold each year. Take advantage of this national thirst with refreshing Reflectors.

There's nothing like it! Grabbons® are the only can-insulators which are also safety reflectors.

RF-703 Grabbon®

Can A
We snapped on a GRABBON® Can Cooler/Reflector

Can B
We encased in a standard foam insulator.

Drink to your health!

Grabbons® are a can insulator and wrist reflector all in one! Great for school and other sporting events where after using on a beverage can, participants and spectators have a safety item which can be used over and over long after the initial event. Promote in bars, pubs and taverns to hold bottles, cans or drinking glasses. Thereafter your patrons can be seen by motorists at night crossing streets and parking lots. Your custom imprint may be in one color or in 1-4 color process.

Temperature tested!

Two cans of drinks were refrigerated overnight. The cans were removed and wrapped with 2 different insulators: After 1 hour in a 75° room there was a 1° disparity. After 2 hours in a 75° room there was ONLY a 1.4° difference. **GRABBONS REALLY WORK!**

Product Name	Size	Copy	Wt/1000	100	250	500	1000	2500	5M	10M	25M	50M	100M	250M
