

THAT'S A WRAP!

These elegant **ARMWRAPS™** and **WRISTWRAPS™** are ideal for every teen, adult and senior who ventures out at night or in the early morning when traffic is moving about. They may be imprinted in the large reflective segments in either black ink or white ink as shown. The elasticized hook/loop fabric construction allows for adjustment to fit most anyone. Promote your walk, run, fitness facility, athletic store, school, recreation center, running club, and more.

RF-425 WRISTWRAPS™ are soft and comfortable, and should be worn on each wrist for better visibility.

Like the Wristwraps above, RF-426 Armwraps™ are ideal for runners out on the road, for cyclists, pedestrians and keep-fit seniors.
